

An aerial photograph of a residential neighborhood. The area is characterized by a grid-like street pattern. A red rectangle is drawn across the middle of the image, highlighting a specific section of the neighborhood. The highlighted area contains several large, multi-story buildings, some of which appear to be institutional or commercial in nature, surrounded by smaller residential structures and green spaces. The surrounding area consists of a dense pattern of smaller houses and streets.

The collage consists of eight photographs arranged in two rows. The top row has three images: a wide street intersection with a large, multi-story building on the left and a palm tree on the right; a narrow street with parked cars and buildings on both sides; and another narrow street with parked cars and buildings. The bottom row has five images: a street with parked cars and buildings; a street with a large pothole in the foreground; a street with a cobblestone pattern in the foreground; and a street with parked cars and buildings.

Particolare sezione trasversale della sede stradale e marciapiedi. La sezione mostra la marcia (marciapiede) e la sede stradale (pavimento). Le dimensioni indicate sono:

- Marciapiede: 2,50 m (larghezza fissa) e variabile (larghezza variabile).
